Experience

THAT'S GONNA HELP

Product / Growth & Performance Consultant · 2025 - Present · Remote

- Built AI-assisted research, YouTube summarization and knowledge workflows using APIs and LLM tools.
- Delivered brand, website and traffic-acquisition projects; advised early-stage teams on product structure and delivery.

Project Manager - Transport Payments

Sberbank Group / AO Rasschetnye Resheniya · Nov 2024 - May 2025

- Led full-cycle delivery for a high-load platform processing ~100M payments per day across terminals and online channels.
- Coordinated ~12 teams, 10-15 internal systems and ~10 external partner systems serving a 40M-user transport ecosystem.
- Improved on-time delivery from 20% to 70%; shipped 14 releases and 10+ product features.

Head of PMO - Game Development

Redrift · Dec 2021 - Mar 2023 · Remote

- Managed 10 project managers and 12+ PC/mobile game projects across teams of 3-60 people.
- Established product roadmaps, backlog discipline, resource dashboards, sprint visibility and cross-team release rhythm.
- Integrated ChatGPT, OpenAI API, Stable Diffusion and Midjourney into product and content workflows.

PMO / Head of Mobile & Web / Deputy COO

Crypto, Blockchain, DeFi & Fintech · Nov 2020 - Nov 2021

- Managed product and technical delivery for a crypto neobank, P2P exchange, Telegram bot, mobile wallet and web portal.
- Owned C-level OKRs, roadmap, backlog and coordination across product, marketing, design, support, business development and engineering.
- Delivered three releases, 400 screens, 70 scenarios and 2,000+ test cases on time and budget.

Project Manager - Business Transformation

SAMOLET Development · Jul 2019 - Apr 2020

- Led cross-functional transformation projects across 10 departments and 500+ users.
- Implemented Jira, Confluence, management dashboards, Agile/Scrum practices, OKR and SAFe portfolio routines.

Digital Product & Marketing Leadership

Earlier experience · 2008 - 2019

- Built and promoted 500+ websites; led SEO, contextual advertising, lead generation, content and analytics programs.
- Combined product delivery, technical coordination and complex digital marketing across agencies and in-house teams.
